

# TRI-CO Control Center

Wait 10 minutes after your BLAST System has been powered on.

**Tri-CoGo Control Center is a mobile app that allows you to manage your home or small business Wi-Fi network. You can self-install and be managing your internet within a few minutes. Download the app today!**

## 1 Download the App

Search either the Apple App Store or Google Play Store for: 'Tri-CoGo Control Center', then install it on your mobile device.

## 2 Create Your Account

Select 'Let's Get Started' on the Home Screen of the app. Enter your information to create the new account, The email and password you enter will be used to access the app.

## 3 Link Your Router

Scan your BLAST System by pointing your camera at the QR Code found on the bottom of the device, or on the sticker that came in your box.

If it isn't scanning, you can select 'Issues Scanning' at the bottom of the screen and enter the router information manually.

## 4 Set Up Your Wi-Fi

Name your network and create a password for it. You also have the option to include the place where your BLAST System is located in your home or business.

Enjoy controlling your lightning fast internet from the palm of your hand!
